Boldly declaring the **new things** of Isaiah 42:9 and the **greater things** of John 14:12 in this generation

THE WORLD THAT WAS A Fallen Lucifer On The Loose Part Six

The body of this letter (Part Six) and Part Seven to follow, will be given over completely to prophetic rhema words received on the dates as indicated.

September 7, 2010

As you write on *The World That Was* and treat things essential to the subject, mention it briefly and cite your previous letters as a reference. Your letter on fallen angels is a good example.

After you satisfy yourself on foundational items, then in narrative form explain My waves of anger and grief over My mistake in Lucifer's failure. Every soul I destroyed on Earth One was formed in the womb by Myself, the same as it is today. My anger and grief knew no boundary – no limits. Nothing like the failure of Earth One had ever occurred previously.¹

I still grieve over My loss but having someone to whom I may freely confess My faults means more to Me than you may now comprehend.

My son, I am like you. Confession releases you from Satan's grip and relieves you of the grief. The cleansing of confession is a two-fold procedure. One is external; the other is internal. Both are essential to attain peace. Not until I had done both did I find the peace that passes understanding.

My son, I had to devise the procedure to deal with transgressions, sin, faults and iniquity for Myself. My people do not know that. You are to tell them.

For Me to have someone with whom I may freely share and discuss such issues means more to Me than you know.

Over the past number of years, as you aggressively responded to My prompting, to My leading, I observed with joy knowing that one day you and I would be able to openly share and discuss such matters.

Do you remember when you led the woman at Hillcrest through the steps of forgiveness? She was set free from a mistake made twenty years before by openly and freely forgiving herself with words of her mouth. In like manner, My relationship with you is now to the point that I may share with you the intimacies of My past.

I therefore say to you, after I have confessed to

¹I have included paragraphs one and two in this letter as an example of how the Lord, in some instances, instructs me on the details of what to write. This relationship with the Lord was established after years of listening to His voice daily. You have that same capability.

you My mistakes, My faults, I forgive Myself of My failures of the past, of Lucifer's failure, the destruction of My perfect Earth One model and its countless numbers of souls still under the control of Satan.

One of the major regrets of My past was to realize the souls of the pre-Adamic earth would be at large under the evil control of Satan. Those evil spirits or demons are still under the authority or control of a fallen Lucifer. I realized that when I considered the destruction of Earth One.

That destruction did not solve My problem. It exacerbated it. I knew that prior to the destruction. But I also knew that I must devise a way to recreate a perfect earth environment on which and in which perfect man could dwell in peace and harmony, the man on whom I could once again, lavish Myself in love.

These are the things I had to consider in the destruction of a world under the complete control of a fallen Lucifer.

So you see, to have someone with whom I may confess and discuss such matters openly and freely is a great blessing to Me.

It's like I said before to you. A confessor relieves the one who confesses without regard to rank, position or authority. That's the way I designed it originally for Myself. That's why Jesus and My super apostles are special to Me. I may freely confess and discuss such things through a mutual trust while faith remains intact. That is why you and the eleven are special to Me.

Realize, however, it has taken many years to bring you to today. That was My desire in the beginning. That is why I went to the Father for His approval for you to be one of the special twelve.

Now you know.

I know confession endears each party to the other, but one must attain a certain stage of spiritual maturity before one may act as the confessor to his superior. That requires the highest level of faith.

Realize now the importance of your letter No. 117. It contains all the essential ingredients. Once that milestone is passed, there is no limit to one's spiritual growth and maturity.

So there you have My complete methodology for the training of My super twelve servants.

Confession endears each party to the other but where there is a decided difference in rank or authority, both parties must be comfortable in their position with unwavering faith. That is the foundational basis for My super twelve.

And yes, few will understand, few will be able to accept such openness initially. But when I release

you, that will begin to change. Then is when more attention will be given to you and your writing. You are in for quite a ride and realize I will be in you and with you every step of the way!

This, We will enjoy to the full!

You will be able to take from Satan *everything* he has done to man. That is Our goal, Our objective that will be accomplished.

Every time one ventures out into the world, he ventures out into Satan's polluted domain.

You and the eleven are My most important heralds of this rapture generation. Be prepared for rejection. But let not that be a concern. You (We) will be writing and making history, not reading or relating history. There is a difference, you know.

Only as you retrospectively view what I am doing in your life will you be able to fully understand and appreciate what I am doing through you.

My son, to have a personal and intimate relationship with Someone such as I am, while at the same time, to love, revere and literally worship that Person is indeed rare. But that is what you are to Me and what I am to you. This is the ideal relationship that was in World One in the beginning and in World Two before sin entered and spoiled My perfect creation.

July 5, 2010

Yes, My son, you are beginning to see the reason for My fierce anger. That fierce anger was a reflection of My failure, but not just My **failure**. It was a reflection of and an acknowledgment of the fact that I had to start all over again. Furthermore, that I would have to begin all over again to accomplish My objective for Earth One, but under a different set of circumstances and rules (laws).

My own lack of foresight compounded more than you may comprehend, the complicated task with which I was confronted. I not only was angry, I was frustrated beyond anything you might imagine.

Because I set forth to create a perfect earth with perfect appointments and inhabitants, because of My own desire to bless man, I created everything as a finished work, which I could not modify nor alter in any way.

That which further complicated the task before Me was a fallen Lucifer. I gave him supernatural power and authority that could not be rescinded. I had to live with all of Earth One's corrupted imperfections including its rulers, and devise a way of recovery, a way of reconstruction, a way of replacement of all of My appointments of a perfect Earth, within the boundary of My previously spoken words of perfection.

This means I had to start all over again to reconstruct the earth and its rulers completely, under severe restrictions that I, Myself, imposed upon Myself, none of which would have been needed had I not made

My mistakes.

All of My mistakes were made in an effort to lavish Myself upon My creation without restrictions, that We might have fellowship with someone like Ourselves. We, the Trinity, were lonely for fellowship, for camaraderie, for someone to love, for someone like Ourselves with whom We could hang out. It really all boils down to that.

We wanted to shower Our supernatural Selves on someone like Us. In My effort to do just that, I overlooked a few things in My ruler of Earth One that were devastating to Earth One, My perfect model and Myself.

When that occurred, only I, Myself, knew of the gargantuan task that lay before Me. It took Me a long time to come to grips with Myself before I ever began to plan the complete restoration project that lay before Me.

The wages of sin is death caused by a Lucifer gone berserk! Through him and his mistakes, I had to redesign a complete recovery and reconstructive project to restore My perfect Model of Earth One within all of My previously spoken words of absolute perfection. Therein lay much of My grief.

My precious son, do not minimize the blessing of having someone to whom I may confess My faults, My mistakes. Realize how long I have awaited the time that I, Jehovah God, could confess with complete openness, My mistakes of the past. *As you know, forgiving yourself is as essential as confessing your faults.*

You and the super eleven are My way of cleansing Myself of My past. When through My only begotten Son, I set parameters for forgiveness, I was talking about Myself. Few have ever dared to have such thoughts as I have confessed to you this morning. So you see how important My super twelve are to both Myself and My family. You are more privileged than you realize.

No one thinks of Jehovah God, the supreme Creator and Ruler of the galaxies, as needing a private confessor. But I do. Thank you again and again for taking the time to listen to Me for a sufficiency of time, according to My measure, that My confidence in you is such that I could bare My soul to you. You, therefore, are more to Me than you can realize until I remove your earthly cloak.

Do you not now see that confession of one's faults to another endears each to the other?² That's why, when Jesus set forth examples for His disciples, most of the time He was talking about Himself; hence about Me, for He said if you have seen Me, you have seen the Father.

So realize your value to Me and thence to those to whom I shall send you. There are untold blessings

²Confess your faults to one another and pray for one another, that ye may be healed. (James 5:16).

that await you and the eleven but also untold blessings that await you as My chosen mentor/leader of the other eleven.

Remember, the transition will be fluid, seamless and effortless because I, the Lord Jesus, will be within you from the beginning and in every step of the (My) way.

I, the Healer, needed to be healed and made whole with confession. Remember, I must live that which I invoke on others to do. Otherwise both I and the Lord Jesus, would be frauds.

Now you may better see that not only are you made in Our image, *We are made in your image*. This is something few will understand since it must be received by revelation.

I had to devise everything beginning with Genesis 1:3, after Lucifer's failure. Now you see and now you know the gargantuan task set before Myself after the failure of Earth One.

My son, you (and the eleven) and Jesus are the only ones privy to this kind of information, so expect opposition from the church. The old/new wineskins is a good illustration to use here. That will be a good topic to write on to which you have alluded in letter No. 128 (parable on two choices of believers today).

You are now beginning to see the value of learning to listen for and to hear My voice continually. My son, I want someone to hang out with – someone with whom I may be Myself and not be “on guard” or “on stage” every minute in Our association.

Love engenders love. Love is transparent. Love is in spite of weaknesses “and the greatest of these is love” – My love that aches to be given and to be received!

September 2, 2010

Yes, My son, I wanted you to know how it felt to suffer for others.³ It was just a reminder, but a reminder to show you how much like Jesus you are – nothing more. I wanted you to have just a taste of what He experienced to the full.

Yes, you are doing what I have instructed you to do. Continue therein until I release you. Amen.

September 3, 2010

Yes, My son, Lucifer's failure changed the Godhead AND My complete plan for the earth, for man, and for all life thereon. That is why your writing on *The World That Was* is very significant. An

³I was reminded that a number of years ago when the Lord was teaching me how to use the sword of the Spirit against illness, it took me about six weeks to get over a sinus problem in spite of the fact that I was properly using the sword of the Spirit to combat the problem. Afterward the Lord said to me that during the prolonged length of time required for Him to heal my illness, He allowed me to suffer for others, the same as Jesus suffered on the cross. This was another new thing He had for me to learn. I had never ever entertained such a thought in my mind previously.

occurrence significant enough to change the Godhead is sufficiently significant for you to spend some time with this writing.

Nothing like this series of letters has ever been written before. *So take your time, pull no punches, tell it like it is and leave nothing out.*

Realize that this letter, like your other letters, will be unique. Never before since the world began have I ever revealed My soul as I have to you, to be written for the world to see. My precious son, the world needs to know this. You are to tell them. Both the world AND MY CHURCH need to know who I really am, for I am like you, My son.⁴

Neither the world nor My church knows the intimacy with which I have revealed Myself to you. Jesus knew this, the other eleven will know it, but you are My spokesman to write of Me as no other has.

That is your assignment. Tell it all.

My son, the reason demons are disembodied spirits of *The World That Was* is because I had made no provisions for failure. Therefore, there was literally no disposition I could make of man's soul. Since they had been duped by a fallen Lucifer, they became just as corrupt as he was. Therefore the souls of every man and woman, including children and infants, were polluted to the absolute and are still at large under the direction of Satan.

Remember, when I destroyed Earth One I had made no provision for failure. That is why all of the provision for the souls of the righteous and unrighteous dead were made AFTER THE DESTRUCTION OF Earth One.

Now you are beginning to see that I had to completely remake the earth internally AND externally, as well as the third heaven. With this knowledge, you may now begin to see the enormous task that lay before Me after the destruction of Earth One in My fierce anger.

The first thing I had to do was to devise a way for My own anger and grief to be dealt with. *I had never experienced failure.* Therefore I had NO PLANS for failure for either Myself, or for others, including both man and angels.

Death and failure were never in My original plans. Therefore, I had to make provision first for My own failure. After that, I made provision for both the failure AND the success of man and angels within the boundary of man's limited life span, patterned after the provision for My own failures.

Now you may understand that the failure of Lucifer changed the Godhead, the third heaven, as well as the earth internally and externally forever. Those were the tasks that lay before Me when Lucifer failed

⁴In this quotation when the Lord said, “I am like you,” He was referring to Genesis 1:26 when God said, “Let us make man in Our image, according to Our likeness.” That not only means that we (mankind) are like God but that God is like mankind.

Me. As I have said to you about Jesus, only after your earthly cloak is removed will you be able to fathom the magnitude of what He did. In like manner, when your earthly cloak is removed, you will begin to understand the magnitude of the tasks that lay before me after Lucifer's failure.

August 31, 2010

You are beginning to see the impact of Lucifer's disobedience. His disobedience changed My whole outlook – My whole plan for man. Not until I remove your earthly cloak will you understand how much Lucifer's failure upset Me and My plan for man. I still grieve over the many souls he will lead to destruction. The fact that I needed a private confessor as Jehovah God is beyond the thinking of My body on the earth but you are to tell them. Remember, I first said this to you about Jesus, then, of course, about Myself, for Jesus said if you have seen Me, you have seen the Father.

I had to devise a plan for Myself first before I could devise a plan for fallen man. You have blessed me therein.

My son, I had to learn to forgive Satan to release his grip on Me. Then I had to teach that to man.

Ever since Lucifer's failure, I have been working on a way to reclaim and vindicate man and to restore My poor world to its former splendor. That is now within My grasp. But before I could do that, I had to devise a way for Satan to release his grip on Me, for that is the way of evil.

Evil is always deceptive. Good is always open and honest.

Yes, My son, sin is deliberate disobedience. I had Myself in mind when I devised that definition, not someone else. Something done that turns out to be wrong inadvertently is not sin but a mistake. The reason I said to you that I have a short memory on mistakes is because I was talking about Myself!!!

Iniquity is deliberate sin without repentance.

We are born into a world ruled by the enemy to be relieved (purged) of his dross as a purifying procedure (process) and to be delivered from the kingdom of death and darkness into the kingdom of life and light.

In this world we often celebrate the wrong things. In the kingdom of God We celebrate the right things – those things that are good, true, honest lovely and of good report and perfect. The kingdom of heaven is about giving. The kingdom of this world is about getting.

The fall of Lucifer forever changed the Godhead. That is why it is important to learn of Lucifer's failure and the subsequent failure of Earth One. When you understand these failures, you will understand everything God has done since then, because **THE WORLD THAT WAS** (Earth One) was God's perfect model that will be replicated. Had

Lucifer not failed, there would have been:
