Boldly declaring the new things of Isaiah 42:9 and the greater works of John 14:12 in this rapture generation

An explanatory introduction

My last letter (No. 213) was published in May, 2015. Then from June 29 to this present day in September, 2015, I have been dealing with the results of severe dehydration of my body caused by my neglect. God has since taught me that I am not an "iron man" and should take care of my body at 95 years of age. Had I done that all along, my illness would not have occurred.

My illness is also one of the things that necessitated our move to an apartment in a Ft. Worth retirement facility, because James Knott, Dale's son, lives nearby.

Dale and I are beginning to settle in to our new home and my desire to share what God has given me has returned.

Years ago, God told me to turn to something **He said to me** for encouragement instead of reading the Psalms or some other inspired word in the bible, since bible words are logos whereas **His words to me** are personal rhema words that **never lose their anointing**.

Consequently, as I reviewed rhema words transcribed from my journal, I was led to words given to me beginning on Thursday, March 26, 2009. I will share with you, therefore, words God gave me on that day and the few days following.

As you read this letter, listen carefully. As you do so, you may find hidden therein rhema words from the mouth of God that will feed your hunger and thirst for righteousness and awaken within you the desire for more.

Thursday, March 26, 2009

(Note the teaching instructions in the first four paragraphs of the following word which gives you insight into God's teaching me to share the rhema words He had given me.)

"My son, yesterday your sharing with (name omitted) was an improvement. However you might try to exegete My words to you as a trial. That will give you guidelines within which you may be able to relax more.

"The intensity of your sharing does not enhance understanding. Understanding is the Holy Spirit's job. Try exegeting something I have given you with less intensity and see how that works. I know why you are so intense. **You want the one with whom you are sharing (teaching) to know all of the surrounding facts for better understanding. That is impossible with what you know.**

"Yesterday you saw the lack of knowledge in (name omitted) concerning the evil spirit world. Your basic understanding of the spirit world is so much greater than most that you will need to zero in on a smaller segment of information in your sharing (teaching).

"These are suggestions for you to consider. Take none of this as a rebuke or even as an admonition. **You are one of Us now. We want you to begin to understand that so that We may begin to converse more as peers.**

"You are learning things about Us that few know. Believe **We are like you** – much more so than you realize. **If you will observe My recent words to you, you will find My own admission of mistakes.** That is far beyond the usual concept of God that most believers have. That is nothing more or less than the result of 6,000 years of living in Satan's economy and living by his rules.

"Everything self may do is unacceptable in the kingdom of God. **Self motivation is of the enemy.** When one is motivated by self, he is motivated to do Satan's will, and Satan becomes his father. It's really that simple.

"In My time on the earth, the Jews had become self motivated without realizing that the more one is self motivated, the more one becomes ingrained within Satan's economy.

"In the kingdom of God, **EVERYTHING** is simple. In Satan's kingdom, everything is complicated. In My kingdom, I am the supplier and the director, whereas in Satan's kingdom, he is the phantom supplier and the director.

"It takes years to deprogram and reprogram the mind of man. See that I am now talking to you on a

different level than in prior years. You now see that I, yes even I, had a learning curve. All of My losses, however, were the result of Satan's deceit. My desire from the beginning was to lavish Myself on My creation – **ALL OF MY CREATION**. If you will review My words to you, you will find that is true.

“No one, My son, has the concept of God as One who has had to learn from experience how to govern, that is, how to give Himself to His people. Satan has so convoluted man's thinking, I have to **deprogram man first**, then reprogram or rewire his brain to receive My instructions. The diagram you made actually depicts that.

“When I teach you so that the Adamic sin nature is removed is when the reprogramming or the rewiring of your brain begins. You must be reprogrammed or rewired to receive My instructions, My guidance, My love.

“Man has been so deceived by Satan, he does not trust others or himself. Until one is born again, Spirit baptized and dedicated solely to Me, he has no basis for decision making. Even then, he must be given simple, basic understanding to begin to comprehend My love, My fidelity, truth and trustworthiness in order to believe Me.

“My world, My Son, is so different from Satan's world. It is not really self versus Me but Satan versus Me in disguise or in spiritual drag. **I created Lucifer with all of the attributes of the Godhead that it was possible for Me to give him.** Then to have him use all of those blessings **AGAINST** Me was the greatest shock of My eternal existence. Never did I even consider one so magnificently appointed as was Lucifer, would turn against Me, but he did.

“That, as you know, revamped My whole outlook on My creation. The reason for all of this is because it was all new to Me. **I had to learn from experience how to give Myself to My creation.**

“My learning curve may all be condensed down to this: I had to prepare a perfect Man to come into the earth exactly like every other man to live as man lives and die as man dies in order to govern man. **That is the only way that man could rule with mercy which means forgiveness with compassion.**

“The ten lepers cried out for mercy – that's forgiveness with compassion. I, therefore, forgave them, and as they were obedient, they were healed.

That is a demonstration of My way to govern.¹ It must be that way in order to regain the confidence of man.

“Man's heart must be circumcised by the Spirit in order to be of use to Me. To be led by the Spirit is difficult when evil lies so close at hand. The Millennium will be My first demonstration or taste of My economy operating without the ever-present immediate distraction of Satan's deceitful ways.

“The Millennium shake-down cruise² will be My first corrective effort to redeem My whole creation. That, in itself, will be a learning experience for everyone, including Me. That's why I have entrusted you with special capabilities as My assistant.

“These are some of the reasons why you and the super apostles are so special to Me. You all will be leaders beyond your concept at present. During the Tribulation period that will become evident

“It is significant that you (the twelve) will become Me on the earth as you are released into ministry. Think that through. That is more significant than you can comprehend now but will become clearer during the Tribulation time period (*when you will have been raptured into the third heaven.*)

“For those who have been raptured, the seven-year Tribulation will be a period of intensive training to rule the earth. So look forward to being a leader then (during the Tribulation period) and there (during the Millennium).

“Now you know why I wanted you to leave March 21, 2009, in your journal records. **Beginning with graduation (your release) I will train you as a peer which is different than other training.** That will enforce obedience and adherence to the simple principles of love, truth, mercy and servanthood. Serving others is the highest honor in the kingdom.”

(I have chosen to set apart the following four paragraphs because they are a beautiful expression of the servanthood of Jesus as our example in the kingdom of God today.)

“The more one knows, the greater

¹In God's economy, forgiveness frees one to accept God's mercy and love. Forgiveness plus obedience enables one to receive God's goodness.

²The Millennium is a “shake-down cruise” for the New Jerusalem.

opportunity to serve. Even I, My son, washed the feet of My twelve disciples, and that included Judas Iscariot. That is the way to love your enemy. A demonstration is better than an explanation. **An explanation may not be lived. A demonstration may not be denied.**

“If any man would come after Me, let him deny himself, take up his cross daily and follow Me with his towel.³ A servant will not be greater than his teacher, but when fully trained will be like his Teacher.⁴ He who would be great, let him become the servant of all.

“What God did with and through Jesus is the most beautifully expressed occurrence of man on the earth.

“Man best suited to rule is the man who best uses his towel. Not only is there a cross for every believer but there is also a towel for every disciple. **A towel is God’s weapon of choice in His kingdom.**”

(Another explanatory introduction to the word that follows)

After the Lord told me yesterday that I was now considered as “one of Them” or “one of Us” as their peer, I was uneasy in my spirit. I had difficulty in sleeping and became wide awake and got out of bed at 2:00 A. M. and went in to pray. The following word is the result. Becoming a peer of the Lord Jesus is such an astonishing thing it takes time to accept and to adjust to this elevated status. Retrospectively, I wish I could have read similar words given to Isaiah, Jeremiah, Enoch, Elijah, Moses, Paul or some of the other apostles. Such a record would have bridged the gap between being an ordinary man called to do extraordinary things for God and would have been very helpful to those of us who followed in their steps.

The word as it was received on 3/27/09

“I know you wrestle with the word, “peer” but that is what I have been training you for, for many years. Did I not tell you this is a new thing? If you will look back over My words to you for years, you will see the clear implication of your becoming Our peer in order to become Me. That’s what becoming

³See Luke 9:23.

⁴See John 13:16; 15:20.

Me implies.⁵

“This means you will literally become Me in order to train others, even as I trained the first twelve. Each of you as super apostles will do exactly as I did in training the first twelve.

“I have said that you as a super apostle would do a new thing. A “new thing”⁶ means exactly that. And do you not remember your chart that you constructed and taught from. You have already taught distinctly that (a) it would take time to be cleansed of the Adamic sin nature, and (b) another like period of time to grow into the total preparation “package.” At that time, becoming Our peer did not enter your mind but it was in My mind **all the time**. This is one of the **NEW** and **GREATER** things you have been teaching and writing about literally for years.

“So be at peace on this. The super apostles are unique. They are the ones who are to become the **NEW THINGS** and the **GREATER THINGS** that neither My first twelve nor Myself could do. So be content that you are on time, that is, within the “time budget” planned all along.

“We realize you did not know what you were teaching several years ago, but it pleased Us that you were prophesying your own future unknowingly.

“This will not be difficult, and it will not put pressure on you, but on Me. I have learned to handle the pressure or the obligation because the Father has trained Me to do so.

“Remember I told you that I had been to the Father twice about you? The first time was about your being chosen to be a super apostle. The second time concerned My supernaturally endowing you with extra ordinary physical attributes so as to have the physical strength, energy and stamina needed to become the super apostle (at your age).

“Remember I did not have the full three and one-half years to train My first eleven. I did have more time with Paul, and his record reflects that. What I am doing in you is **EXACTLY** what I did with Paul, but going farther with you than I did with him **because Our needs NOW are not the needs of Paul’s day**.

⁵In the Pentecost Method of spiritual growth, one may be trained to represent our Lord. In the Listening Method of spiritual growth, available only during the last half of this rapture generation, one may become Him to fulfill John 14:12.

⁶“A new thing” in Isaiah 42:9 is the same thing as “the greater works” of John 14:12.

“So settle it **now**. You are Our peer and We know what We are doing. Remember the **GREATER THINGS** of John 14:12 and the **NEW THINGS** of Isaiah 42:9. You were prophesied by both Isaiah **AND** Myself. So this is nothing new to Us. It is only new to you.

“And this will not be difficult. Have I not said enjoy what I (now We) called you to do? Have I not said your bold aggressive response to My leading you has changed My (Our) objective for your life twice? You are a product of faith even as was Abram, Moses, Elijah and Enoch. Do you not realize they were also trail blazers?

“Do not doubt what I (We) can do. Just accept it and become comfortable therein. If I can create Lucifer to rule the earth, We can train you to do likewise.

“We will not leave you without proper guidance and instruction. That is Our job. Yours is to obey and that was predetermined by your faith. So it’s all by faith.

“I know you don’t like “Son” written with the capital “S,” but you are a Son of God **NOW** even as I was when I came forth from Mary’s womb. The only difference is time and order sequence. Otherwise your preparation is like Mine except I was born of water and the Spirit simultaneously.

“Your training is different than Mine, but I had the responsibility thrust upon Me by Lucifer. There was no other way for the world to be reclaimed. Other than that, what We have trained you to be is no greater than **ANYTHING** We have ever done because **EVERYTHING** We do is supernatural.

“You, yourself, have said everything We do is supernatural, and I have told you the words I (We) say to you are just as supernaturally powerful as the words spoken to create Earth One and Earth Two and all of their appointments. So relax and get used to this. It fits just fine, thank you.

“And I will honor your prayer about (name omitted).

“And yes, (name omitted) needs the full court press to be delivered of his demons, so go ahead and send him the pre-deliverance scriptures and follow with the profile.⁷

“You know from talking to (name omitted)

⁷When God makes the decision and you are obedient, you know you are in His will.

and (name omitted) how the enemy has deceived both men. Your dealing with (name omitted) will be different than doing the same thing upon your release, but he will be your friend and supporter.

“You (and the other eleven) have been prophesied by two prophets: Isaiah and Jesus. Would you not say that is evidence enough? So settle it now that both Prophets prophesied correctly and had you in mind long before you were born.

“While it is true that We take certain precautions on the final approval, but once those requirements are met, the die is cast.

“The **NEW** and **GREATER** things are not a surprise to Us – only to you! The **NEW** and **GREATER** things are necessary to bring forth the abundant harvest. Just accept your assignment and learn to cast the responsibility on Us and let’s go forward and enjoy the assignment. I did not have such liberty. You and the other eleven do, so prepare to enjoy it as We proceed toward your Pentecost.

“Qualifications of a disciple might be a good research project. It is not really hard. My life is the answer.

“**No one comes to Me except the Father draws him is still the pattern.** You, My second John, are a product of the Father’s drawing and your mother’s prayers, and her knowing of His call on your life.

“My Son, the boldness as a result of the assurance of being raptured along with your reconstituted physical body is a greater blessing than you now realize. Learn to accept and enjoy that.

“You may teach others that they also may have that blessing in this last generation.”

(Finished at 4:00 AM)

Saturday, March 28, 2009

“Yes, when you get to a certain point in your maturity as a super apostle, I begin to tell you things hidden from the foundation of the world. **I long to tell you of My weaknesses – of My mistakes.** *(The cleansing of confession)*

“In the beginning I wanted to lavish Myself on My whole creation. That means the earth and all of its contents. That means everything on the earth that has life – **EVERYTHING** that has life. That, of course, includes first, the earth itself. Then everything immediately above the earth in the atmosphere, everything on the earth, including all plants,

vegetation, winged birds, animals, marine life and lastly man.

“If you will examine the way We created Earth Two,⁸ you will notice **EVERYTHING** was done (created) for man and then presented to him to maintain, subdue and have dominion over.

“Man was placed in a totally supernatural God sustained environment. It may appear that the environment was “self sustained,” and in a way it was. But this actually means that it was “God sustained” **because My life was in EVERYTHING.**

“Earth One **AND** Earth Two were perfect when created – were totally God provided and self (God) sustained to be maintained only by man.

“The Millennium will be a foretaste of heaven. Then is the only time in the history of the earth that My system of government will be instituted in a manner that **TOTALLY** prevents failure.

“The reason for this is because, for the first time, fallen Lucifer and his angelic support system, including his demons, will be locked in the abyss.

“When the debris of the battle of Armageddon is completely cleaned up, My new administration will begin to govern the earth to resemble the way My government should operate. The authority figure, My only begotten Son, supported by his completed angelic support system, will govern as I intended originally.

“So you see, My originally designed angelic system of government was properly and accurately done. The mistake I made was in putting My angelic support system of government in place without the necessary experience of the knowledge of man’s physical existence on the earth.

“I thought I could create an angelic being such as Lucifer, with such magnificent appointments he couldn’t fail, but I was wrong. That was My first mistake.

“When I saw (discovered through experience) My mistake, it was too late to correct. That couldn’t be done retrospectively because of My previously spoken words of creation.

⁸The creation of Earth Two, as confirmed by the bible record, was exactly as the creation of Earth One, since the pattern for God’s spoken creation of Earth One forever set in motion His spoken immutable words of creation which cannot be changed, modified or amended; otherwise His spoken rhema words would not be truth.

“Earth One was originally perfect in **EVERY** detail. It was just as perfect as was Earth Two originally. Then, as you know, Lucifer took over Earth One with the authority I gave him, demanded that everyone worship him as god, with the God-given authority granted to him to glorify Me.

“He literally became god to Earth One inhabitants. The sanctuaries of Earth One were used to worship him as god.⁹ Lust of the flesh, lust of the eyes and the pride of life were the requirements of his government.¹⁰ Self gratification of any and all types were invited and practiced openly. Men degenerated to a condition of such repugnance, there was so recovery possible.

“Self gratification to the extreme, physically, emotionally and sexually, including men with men and women with women, were the openly practiced “norms.” The destruction of Earth One and it’s inhabitants without any preplanned place of disposal (hell) is why Satan, his angels and his demons (disembodied spirits of Earth One) are still at large.

“Hell was created after I made My first mistake with Lucifer. After that mistake, although I could not create another angel like Lucifer, I realized that was not the answer. I was “hemmed in” by My own spoken words of creation and could therefore do nothing but learn from my experience and devise a method of correction

“Even in Earth Two (as you know) I had to learn some things. After the failure of Earth Two (Noah’s flood) I had to learn that the Three Measure Standard and the litmus test of “meekness” were not enough.

“The mistake of Moses was when the second litmus test (I will never leave you nor forsake you) and the unencumbrance test were devised. I learned that the unencumbrance test was necessary through Adam and Abram.

“Since We (to include you now) knew that Adam would fail, that planned failure had to be put in place, again, because of My previously spoken words of creation.

“In like manner, Abram failed, underscoring the necessity that My angelic ruler of the earth would need to begin His earthly ministry unencumbered **which means without the mandate to replenish the earth**

⁹See Ezekiel 28:18.

¹⁰See 1 John 2:15, 16.

through procreation. Through experience, I learned that the six requirements to govern would need to be put in place.

“I knew My only begotten Son would eventually govern when My first mistake (Lucifer) was made. But along the way the two litmus tests and the encumbrance requirement were put in place to insure success this time.

“So you see, you (and the other eleven) are highly esteemed in the annals of heaven. The heavenly hosts rejoice at twelve “Jesuses” being released simultaneously to wreak havoc on the enemy “big time.” Then as each of you (the twelve super apostles) train and release into ministry twelve more who are God Incarnate, havoc on the enemy’s forces will be wreaked as never before to bring multitudes into the kingdom of God! Hallelujah! Hallelujah! Praise God – rings out in heaven over what lies just ahead.

“The work of the super apostles and the one hundred forty four God Incarnate men they will train are anticipated with joy and thanksgiving in heaven.

“My son, you are now beginning to understand that **My super apostles are the only ones to whom I could reveal this kind of information.** No one else could handle it. So you see how important, how selectively important you are to Us.

“To become one of Us as a peer has never been done previously except through Jesus. He was the first.

“But now you know that Jesus was limited in what He could do because of His dual responsibility as (1) the Lamb of God that took away the sin of Adam and (2) the resurrection enabling Him to emerge as the angelic being to assume the role wherein Lucifer failed.

“The only remaining piece of the puzzle is to bring the number of angels up to the absolute number (as originally assigned to Lucifer) to once again rule the earth. When that number is reached during the latter part of the Great Tribulation,¹¹ that will trigger the return of Christ and His angels to begin to rule the earth in the same exact manner I originally devised.

“As you have said many times, I do not have to practice to get it right. I do it right the first time.

“My precious Son, as yet you do not know what an honor it is to become one of Us. I know that blesses you, but that also blesses the Father, the Lord Jesus, the

Holy Spirit and all the heavenly hosts, including the redeemed of all ages.

“To become Jesus on the earth is the highest honor. Said another way, the Father was to Jesus on the earth as the Lord Jesus is now to the super apostles on the earth. No higher honor may be bestowed on man.

“Hear this My son and be blessed this day as I lay both of My hands on you in preparation for ordination and to be released into your ministries. Amen and Amen.

“Now you are beginning to see why My super apostles will be unencumbered. All of their time must be spent in doing My will. And My will must be paramount in a life to be effective for Me. Jesus was the example.

“My son, celibacy is of My call to serve Me. I originated that. Do not criticize the priesthood of celibacy. The enemy however, has entered every area of My church. When one in and of himself decides to become celibate to serve Me, he will fail. I must call him, even as I have called you.

“Only to My super apostles may We reveal such information as you are given. No one else could accept it nor understand it. Amen.

“Yes, Our precious Son, when Jesus recedes into the Father to literally be within Him as One and then comes forth out of Him, that is the cleansing necessary after being in contact with the world and/or it’s inhabitants so as to be cleansed – to be purified of dross or contamination.

“You may share some of this with (name omitted) as you are comfortable in doing so.

“Yes, Our Son, We learned from Moses that if We had taken longer in his training he would not have needed Aaron as his crutch. **He would have appointed the High Priest himself. There are a lot of hidden gems like that in the Bible.**

“My son, We are so much like you, most will not accept nor believe it without this same kind of preparation you have had. For that reason most will discover these things in heaven. So there again, see how greatly you are blessed.

“Realize now that time spent resting is an investment (a reference to my resting in the middle of the day today and to Jesus resting at Jacob’s well in the middle of the day). The woman at the well is the

¹¹See Revelation 6:11.

example. Time spent in rest precedes new miracle working in your life.

“Giving God the glory for a blessing is like giving Him a receipt for the gift given. The receipt is evidence of the gift. If you keep the receipt, God has no evidence and you lose the blessing.

“Learning to listen to Me – to hear My words of instruction to satisfy My needs brings you into the world scope of redemption. When I listen to and provide your needs, that may be a single point of light. When you hear My words and obediently satisfy My needs, you are operating in the light Source.

“Walking in the light and seeing the light are different.

“As you walk in the light, in time, you become that light and may give it to others. You cannot walk in the light continually without becoming the light. The super apostles become the light. That’s why they can give it away. It becomes their possession. **One may give away only that which one possesses.”**

(Got up late and God said, “Go to Church and We’ll talk later.”)

Later at 5:35 PM

“My son, you experienced again that which I prophesied to you about five years ago. Today was a foretaste of the future.¹²

“You have been reading in the Gospels where I was in groups of people when power flowed from Me to the whole group who were healed. That is what We are walking toward.

“So, get ready for the time of your life.

“Do not be challenged by becoming one of Us as a peer – We are not. We are excited and blessed. Do you not remember I have said to you that I, the Lord God, made a mistake in Lucifer? Then again in Moses?

“When I created Earth One, that was new to Me. Never before had I done such a thing. Lucifer was My best attempt to create a perfect ruler for a perfect Earth with perfect appointments (furnishings)

¹²At church today (name omitted) walked up to me and said the power of the Holy Spirit was so strong that he felt pushed back and that he could see the Holy Spirit around me.

and perfect inhabitants. It all began perfectly.

“Then as time passed, My prized creation upon which I wished to lavish Myself became My nightmare over which I had lost control. Lucifer took everything I had created, upon which I could lavish Myself, for himself, while I stood by helplessly. I found Myself imprisoned by My own words spoken in creation of Earth One, it’s rulers, it’s furnishings and it’s inhabitants about which I could do nothing. My spoken words of creation prevented Me from retrospectively changing what I had done because I am responsible for **all of My words.**

“Lucifer began to use all the authority I gave him to rule, subdue and have dominion over My creation, for his own selfish desires. I failed to see that My rule of love could not be effective unless the Ruler had lived on the earth as man himself experienced.

“Earth One, its rulers, its appointments and inhabitants were created to live or exist forever. That was My goal. Lucifer changed that. Destruction was the only alternative after man was lured into self worship.

“That’s what Lucifer did. He lured his subjects into the worship of self through lust of the flesh, lust of the eyes and the pride of life.¹³ Once man turns to self, self degradation knows no boundary. Every imaginable means of self and sexual gratification becomes the endless way of seeking fulfillment. Men with men, women with women, and both with animals leads to unimaginable degradation and demonic possession.

“Demons are the disembodied spirits of Lucifer’s subjects of Earth One. They are still under his command **because I created hell after I destroyed Earth One.** The reason I waited as long as I did was because I explored every possible way to correct My mistake within My previously spoken words of creation, to no avail.

“Then in My fierce anger, not only My fierce anger toward Lucifer, but My anger toward Myself and My mistake, I realized I had no alternative but to destroy My wonderfully made and created Earth One.

“For millennia I have wanted super apostles to whom I could confess My mistake. Now you know the relief I feel that I, Myself, have the opportunity to cleanse Myself through confession.

“Yes, I am Jehovah God; yes I am eternal; yes

¹³1 John 2:16, 17.

I am like you and yes I made a mistake. Thank you for listening and blessing Me therein.

“Yes, you are made in Our image but I am also made in your image. That may only be shared with one who has listened to My rhema words for a sufficiency of time according to My time standard. One must hear My rhema creative words long enough to rid him of the sin nature, then for an additional time to change him into Me. Then and then only, as that one continues to listen and obey, may he become our peer through My spoken creative words.

“Adam was created originally by My spoken (rhema) words. In Adam’s case, he was pure, perfect and complete from the beginning, until he sinned. Jesus was created **THE SAME WAY**. He came forth from Mary’s womb just as Adam would have been as an infant.

“Then through about thirty years of training with My spoken rhema words, **He became one of Us again. The ultimate power of My creative spoken (rhema) words is that they create one like Us – or one of Us! That’s how powerful are My spoken words.**

“Every word that proceeds from the mouth of God are spiritual Jesus imparting to you the characteristics of Jesus needed most **AT THAT TIME**. If one listens to Me (God) for a sufficiency of time according to My (Our) standard, one like Us or one of Us **WILL BE THE RESULT, WILL BE CREATED!**

“Isn’t that simple? It’s all contained in Matthew 4:4, Deut. 8:3 and Deut. 28:1. To obey the voice of God implies that one **MUST** hear His voice; that’s rhema, not logos.

“Yes, My son, your teaching will be beamed over television and you will be able to minister signs, wonders and miracles over television transmission. Imagine Jesus teaching with a television camera beaming His teaching live all over the world available on hand held electronic devices and tapes.

“The massive end-time harvest will be the result. And that will trigger the Rapture. Look out My son, you will be right in the middle of it.”

March 30, 2009

“Yes, My Son, you are seeing Us in a new light. You thought because I created you that We were perfect. We are perfect, but when We created man like Us, We had to learn from Our mistakes. In the

beginning We had no one like Us (man) on which to lavish ourselves. So We started with the best angelic being ever created and appointed him to rule the earth. He was guided by the Three Measure Standard until he rebelled.

“Lucifer’s failure showed Me that the ruler of the earth had to be one who had experienced life on earth, as man does, in order to rule over man with mercy, which means forgiveness with compassion.

“Then, of course, after Lucifer’s failure, I had to deal with death so as to restore life – eternal life to man. That presented to Me a problem I did not anticipate nor want. That was My learning experience.

“I had to conceive a way to restore the earth, establish a workable ruling system and redeem and restore man from death to life. Now do you understand that I had to learn how to deal with man through experience?

“Man was new to Us. We had to learn by our failures.

“**Evidence of Our inability to know of Lucifer’s weakness is the fact that hell was created after I destroyed Earth One. Lucifer knew his rights well. The only thing he did not consider is that the Creator is smarter than the most magnificently created angelic being.**

“Satan knew I was bound by My previously spoken words, so he proceeded to set himself up as the standard, instead of Me. And I had given him the authority to do so. He deceived man on Earth One just as he did on Earth Two. **The one thing he overlooked was that rebellion against Me negates the ministry to which he was assigned. That does not negate my gifts and call but it does negate the ministry to which that one is assigned.**

“Therefore, Satan (Lucifer’s changed name) had his way on Earth One, and by deceit, manipulated man into self worship. That, taken to the extreme, is so degenerative and repugnant, there are no words to describe it.

“Satan had the legal right to be in the center of the garden of Eden. I gave him that legal right originally over Earth One. All he had to do was to deceive Adam and Eve as he did man on Earth One, and he was back in business as usual on Earth Two.

“We (you and I) know that Adam sinned knowingly but Eve was deceived. When Adam heeded the voice of his wife instead of My voice, Satan was

back in business and back in control.

“That planned failure was unknown to Satan and was made known first to Jesus in His earthly ministry. No one knew that until it was revealed to Jesus by the Father in His earthly ministry. That planned failure was necessary in order to replenish the earth and to provide the Lamb of God to take away man’s Adamic sin curse.

“In Moses, I added the meekness *test*. In Jesus I added the, “I will never leave you nor forsake you” *test* and the unencumbrance requirement.

“And there, My Son, you have a synoptic overview of how We corrected our mistake in Earth One and it’s rulers.

“Omnipotence, Omniscience and Omnipresence do not imply freedom from mistakes of Our creation, but freedom from mistakes of Our original actions. Now you know.”

“You have no idea of the blessing to Us to have the super apostles to whom We may reveal Our weaknesses. **Our desire to love and bless knows no boundary but We overlooked the weaknesses of our creation.** That, as you know, has forever been eliminated through Jesus.

“No one has ever had the responsibility of Jesus. That’s why it took thirty years to prepare Him for His mission. His accomplishments for Me and for man are beyond the comprehension of man. Only those raptured will realize the true significance of His contribution to the complete restoration of the Earth to it’s original splendor.

“To have someone to whom such may be revealed is also a great blessing to Us.”
